

*WE ARE HIRING:*

## ASSOCIATE SCIENTIST

Applicants should submit their CV and a cover letter to [jvarady@rilastech.com](mailto:jvarady@rilastech.com).

### JOB DESCRIPTION

**Type:** Full-time

**Experience:** BS/MS 0 to 5 years

**Function:** Purification Scientist

**Reports to:** Senior Scientist

**Salary:** According to experience

**Posted:** August 2021

Rilas Technologies, Inc. is a contract research organization (CRO) founded to provide purification and analytical solutions for the biotech community. The Associate Scientist will work at our lab in Woburn, MA mainly focusing on preparative and analytical HPLC/MS. The ideal candidate will have small molecule purification experience and have an ability to work efficiently and independently. This position requires a self-starter who enjoys creative problem solving with excellent written and oral presentation skills, and brings an attention to detail that will maintain and improve the quality of Rilas' services.

### QUALIFICATIONS

**Education:** BS/MS in the field of chemistry/chemical engineering

**Experience:** BS with 3 to 5 years of experience or MS with 0 to 3 years of experience

Other requirements: The candidate must also be familiar with standard MS Office software and typical HPLC, MS data systems. Experience with supercritical fluid chromatography (SFC) is a plus.

### **\*\*BENEFITS\*\***

- Health and Dental Insurance
- 401(k) with an Employer Match
- Paid Vacation (up to 3 weeks)
- Long and Short Term Disability Coverage
